Surplus Supply Donation Program	
Please consider making a donation of one or more of the items below or setting up a surplus supply donation program at your facility.	
Each item is used directly by biotechnology students at the San Mateo Biotechnology Training Center.	
For large donations, we coordinate with regional biotechnology education programs such as Gene Connection and BABEC. Thank you in advance.	
Plastics of all kinds including:	microwave ovens
microcentrifuge tubes	filter paper
plastic roller and culture bottles and of all types	alconox or other glassware cleaner
sterile disposable petri plates	microcentrifuges
sterile disposable filterware (.2 uM)	lab top standard centrifuges
disposable, plastic pipettes (1, 2, 5, &10 mL)	large tube/large volume centrifuge
sterile conical/falcon tubes (i.e. 15 mL & 50 mL)	pH meter(s)
plastic trays, dishes	micropipets
long, PAGE gel loading tips	UV spectrophotometers
micropipet tips of all kinds	ELISA plate reader
pipette pumps (pink, green, blue)	UV light sterilizer
weigh paper, weighboats, scoops	white light transilluminators
glassware of all kinds (beakers, flasks, grad. cyl)	UV light transilluminators
autoclave	polyprep columns
orbital shakers	concentrators (esp. 10 kD filter tubes)
shaking and non-shaking water baths	dialysis tubing
analytical balance(s)	spatulas, scoops
electronic balances	cotton and sterile swabs
heatblock(s)	glucose test strips
pH paper of all types	24, 96 well plates
legal, scientific notebooks	black and blue sharpie pens
envelopes/copy paper	colored labeling tape
magnetic stirbars	mortars/pestels
glasswashing supplies	razor blades
crushed ice machine	misc. office supplies, overhead transparencies/pens
laminar flowhoods	modern computers/printers
lab refrigerators/lab freezers	Various chemicals/reagents/biologicals/media
Thank you for supporting biotech education !
